## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The fast learners can adopt a "know-it-all" state of mind and can soon become lazy. On the other hand, slow learners might be hard workers and will do whatever it takes to find the answer. Fast learners can find things too easy and cut corners with processes as well. There is an informal mechanism to assess the learning level of the students. Further, no special programme was organized for advanced learners, and not even for the slow learners because of the pandemic. But the doubt clearing sessions were conducted by the Department of Arts. The department has undertaken students' feedback. The Commerce department also incorporated students' feedback. Unit tests, assignments, and tutorials were engaged by the department to assess the learning level of students.
